

About the Visual Arts Fund

The Visual Arts Fund is a grant program established in 2016 by Midway Contemporary Art with generous support from The Andy Warhol Foundation for the Visual Arts. Minneapolis–Saint Paul is one of thirty-nine cities and regions included in Warhol's Regional Regranting Program, which is aimed at promoting vibrant artistic activity in cities across the United States.

The Visual Arts Fund awards \$60,000 (six \$10,000 grants) to artist organized projects in the Twin Cities metro region. The VAF supports the development of projects and initiatives that engage the public with visual art and seeks to support a wide array of innovative and diverse projects that otherwise might not occur.

What We Fund

- Projects that have a publicly accessible component
- Projects could include exhibitions or installations held in temporary spaces, new publications, a series of events or performances, digital initiatives, public art projects, and other activities that are related to the visual arts

What We Do Not Fund

- × An individual artist presenting exclusively their own work
- × Projects that are part of the programming of a 501(c)3 non-profit arts organization
- × Projects at a commercial gallery
- × Projects that do not offer an opportunity for free public engagement

Eligibility

- Projects must function primarily within a visual arts context (rather than performing arts, music, literature, or other arts). While projects can have interdisciplinary elements, they must have a strong basis in the visual arts.
- A publicly accessible component of the project must take place within the Twin Cities seven-county metro region.
- Projects must be artist-organized and self-initiated; 501c3s, incorporated businesses, and students* are not eligible to apply (*PhD students are eligible).
- Projects cannot charge admission or other fees to the public or to participants.
- Projects cannot start before January 1, 2027 and must be completed by June 30, 2028.
- The Lead organizer must play a key role in the creation and execution of the project and live within the seven-county Twin Cities Metro region (Hennepin, Scott, Ramsey, Dakota, Anoka, Carver, and Washington counties); additional collaborators can live anywhere.
- Lead organizers do not need to be U.S. Citizens, although they must have social security numbers in order to receive payment.
- Lead organizers may only submit one application per application round.
- Lead organizers of projects funded through past granting cycles are only eligible to apply for a 2026 VAF grant if their project has been completed and they have submitted their final survey by the application deadline.

Lead Organizer

If the project involves a group of artists working together, please choose one person to act as the Lead Organizer. The Lead Organizer will oversee the project and must play a key role in the creation and execution of the project. This contact person will also be responsible for receiving grant funds, communicating with Midway, and submitting the final survey. You may work with as many collaborators and/or artists as you wish.

Information Sessions

Midway will host information sessions before the application deadline. We encourage potential applicants to attend one of these sessions to learn more about the Visual Arts Fund and for tips on how to prepare a strong application.

Additional information session dates for the 2026 application cycle will be posted as they are confirmed. Information session locations are accessible to all visitors. ASL interpretation is available upon request with two weeks' advance notice. Please contact us for more information, or to request specific accommodations.
